Hello _____?! This is _____!

(1)_____, I have the information you requested about increasing your income.

(2)_____, I just found out how I can give away \$50 cash . . . to 20 people this week.

I'm just curious, (3) _____ would it be okay if I made you one of those 20? Most people I've talked to are really excited and I only have 8 openings left.

(4)_____, all you have to do is review our system, which takes less than 9-minutes, and give me your honest feedback.

That's all there is to it. The rest is up to you.

There is an old saying that "people who are open are the ones who get the opportunities." Everybody knows that people who are open tend to succeed.

Just call me at _____, again that's _____ and I'll send you the information.

This is _____,

Oh, by the way; (5) _____, look for my email or text I just want to make sure I connect with you and you know who I am.

Bye for now!
