NOTE: Since each Tier does not have to be filled to receive commissions. Just know that each time you 'Step Up' to a new Tier the company will first take out the fees for the: Admin/Programing, Product Upgrade, (For the next tier) and the Charity Donation required prior to commissions being paid out at that Tier.

To Advance and Step Up to the Next TIER ... Always Occurs Automatically When Each Product Upgrade is Achieved

Then the Product Upgrade is Received
